

How to Access Texas Higher Education Coordinating Board's (THECB) PREP-Profile Reports Electronically Produced system

Website: http://www.txhighereddata.org/Interactive/PREP_New/

Step 1: Click the desired data type sought as shown below.

PREP-Profile Reports Electronically Produced

Data collected from Texas public higher education institutions are summarized into management information system database tables for query access. These summaries of certified data are accessible through the PREP system. Generally, information is available by institution or statewide for selected semesters.

Notes:

1. These data are summarized from CBM reports provided to the Coordinating Board by the public higher education institutions in Texas.
2. The enrollment information includes students in credit courses only.
3. The degrees awarded data are reported after the end of the academic year and represent all awards in that academic year.
4. Cookies and java script must be enabled on your browser in order for Prep Online to function correctly.

If you need assistance with this application because of a disability, contact [Victor Reyna](#).

Select data to query:

[Enrollment](#)

[Degrees Awarded](#)

[Declared Majors](#)

[Semester Credit Hours \(SCH\)](#)

Note: This is an example of selecting enrollment, repeat this process for any of the other variables in Step 1.

Step 2: This allows the user to select from 2 different options. **Enrollment Statewide** section allows users to access the sum of institutions by institution type, Public University, Independent College, Public 2-Year, etc. **Institution and Institution Groupings** section allows users to access to access the variables by individual institution or multiple institutions.

Student enrollment data include all students enrolled in courses for which credit hours are awarded as of the official census date, which is the 12th class day for fall and spring semesters (16-week sessions) and the 4th class day for each of the summer terms (6-week sessions).

Note: This is an example of selecting options within Institution and Institution Groupings section.

Step 3: In this example Total Enrollment was selected. You now have the option to select the Institution Category, Semester, Output format, Institution Name, and the Year by clicking the respective pulldown menus. You may select multiple options in the Institution Name, and the Year sections by holding the ctrl key and click the options with your mouse. The other options do not allow multiple selections.

The screenshot displays the 'Total Enrollment by Institution' page. On the left sidebar, under 'Selected Institution(s) and Institution Groupings', the 'Total Enrollment' link is circled in red. The main panel features three dropdown menus: 'Institution Category' (set to '2-Year College District'), 'Semester' (set to 'Fall'), and 'Output Format' (set to 'HTML'). Below these are two lists: 'Institution(s)' with 'ALL' selected and a list of college districts, and 'Year(s)' with 'ALL' selected and a list of years from 1993 to 2015. An 'Execute >>>' button is located to the right of the year list. Red arrows point to each of the dropdown menus and the 'Execute >>>' button.

Note: This is an example of selecting Public University, Fall, HTML options and selecting the Texas A&M-Kingsville as well as TSU for the 2013-2015 semesters.
