

Recommended for: faculty with online teaching experience, departmental course builders, course coordinators

ADVANCED TRAININGS *(1-hour Sessions)*

SPRING 2022 SEMESTER

Advanced Features in the Grade Center

Learn to customize grading schemas, backup semester grades, manage columns, check statistics, view attempts, and set smart views.

Assignments and Plagiarism

Learn to use the adaptive release feature, moving assignments to other areas of the course, uploading student assignments to Safe Assign or Turnitin as an instructor, and creating journal

Accessibility in Course Design

Learn to incorporate universal course design principles to ensure all learners can easily access your course content.

Create Interactive Content

Create additional instructional enhancements such as mashups, YouTube videos, and publisher content.

ONLINE TEACHING CERTIFICATION

SPRING 2022 SEMESTER

This in-person one-day or online self-paced course will equip you to teach online at TSU. Participants will complete a four-module training covering: Online teaching best practices; the Blackboard learning management system overview; TSU Institutional Policies and Procedures on online learning; a Course self-assessment.

Email tsuonline@tsu.edu to enroll.

INTRODUCTORY TRAININGS *(1-hour Sessions)*

SPRING 2022 SEMESTER

Blackboard Faculty Refresher Sessions

This webinar provides a refresher of blackboard basic features.

Creating Assessments

Learn to set test availability, insert images, modify existing exams, set test exceptions, set your exam with Respondus Lockdown Browser, and publish exams from Respondus to your course.

Managing Grades and the Gradebook

Learn to use the grade center for adding and weighting grades, adding columns, dropping grades, grade history, grade reports, setting up calculated columns, and emailing students from the Grade Center

Collaborate Ultra Virtual Classrooms

Learn to conduct real-time class sessions and lectures with your students, provide unlimited access to recorded lectures for your students, and provide a place for group meetings

An Introduction to Blackboard Learn Ultra

Get introduced to the future Blackboard Learn Ultra upgrade.
