

SUMMER BRIDGE PROGRAM

Jumpstart

FOR STUDENTS FULLY ADMITTED TO TSU
FOR THE FALL 2026 SEMESTER

Pathway to Success

Warm Greetings Future Tiger!

I'm thrilled to share an exciting opportunity with you - Texas Southern University's Summer Bridge Jump Start Program! As an admitted student to TSU, I'm personally reaching out because I want to offer you this special opportunity to get a head start on your college journey and maximize your success as part of our TSU family.

As the Director of New Student Success and Community Outreach, I've seen firsthand how our five-week Summer of Success Jump Start Program transforms students' college journeys by:

1. Strengthening your academic foundations for college success
2. Helping you develop the skills and confidence to thrive in a university environment
3. Giving you a valuable head start on earning college credits

This summer's program runs June 29–July 30, 2025, and includes:

- A supportive residential experience focused on your academic growth through college credit courses, specialized labs, and programming designed to ease your transition to college life
- Regular updates for both you and your parents about your progress throughout the program

The enclosed brochure contains all the important dates, contact information, and next steps to apply for this opportunity. My team and I are personally committed to your success and are here to answer any questions you might have.

I look forward to welcoming you to campus this summer and helping you begin your TSU journey!

With Tiger Pride,

Justin J. Lee

WHAT TO KNOW ABOUT HOUSING

IT'S MANDATORY!

Studies show that students who live on campus tend to make more friends, attain higher GPA's, gain leadership experience, and manage their time more effectively than those who do not live in residence halls. Living on-campus provides a socially rich and academically supported experience. It also gives students the advantage of being closer to classes and being better able to tune in to what is happening on campus.

You will share a bedroom and bathroom with one roommate. Room is furnished with twin XL bed and mattress, desk, chair, and wardrobe per student.

Utilities include electricity, water, wireless internet, cable TV, and daily custodial service for community spaces.

Dining room is located on campus, including several on-campus eateries with a large variety of food.

Easy access to all campus resources such as the library, labs, faculty offices, and recreational facilities.

Faculty, staff, and students conduct exceptional educational programs within our residence halls. Students are assigned roommates and rooms based on their majors in an effort to enhance academic success.

All outside residence hall doors are locked 24 hours a day. Professional staff live on-site with 24 hour on-call service. Card-access controls are present at all entryways and all residents must accompany visitors during allotted visitation hours.

MOVE IN- JUNE 28TH

Housing details are provided after we have received your confirmation to attend.

Welcome

We are excited to have you join our campus! The SASO is a program designed to uphold governmental statutes and regulations associated with the Americans with Disabilities Act of 1990 (amended in 2008) and Section 504 of the Federal Rehabilitation Act of 1973. The SASO assist those with disabilities in a confidential, respectful, and friendly environment to ensure equal opportunity and accessibility to college programs and activities.

We offer individualized services that are structured to support and assist in the pursuit of attaining personal educational goals. Our motto is to promote self-awareness, self-determination, and self-advocacy in a comprehensive accessible environment. We look forward to meeting you and providing you with valuable services.

Mission

The mission of the Student Accessibility Services Office (SASO) is to ensure that qualified individuals with disabilities are afforded an equal opportunity to participate in and benefit from the programs, services and activities of Texas Southern University through the identification and provision of effective auxiliary aids, reasonable academic accommodations and services to enrich flourishing educational experiences.
